Get Ultion Smart!

Upgrade your lock to Ultion Smart to control your door lock with your smartphone, your watch, by voice command or with a key.

Unlock on approach

You can set Ultion Smart to unlock as soon as you enter the unlock zone without even touching your phone.

Lock behind you

Never wonder if you locked the door again. You can set how long Ultion Smart stays unlocked for before securing the door again.

Send guest keys by phone

You can send a digital key or numerical code for use of the optional wireless key pad. These can be used as a timed or permanent access straight to a guest's phone by text or email.

Voice control

Operate via Alexa and Siri.

£1000 Security Guarantee

Ultion and Ultion Smart locks give the highest protection from the most common method of forced entry - lock snapping.

Registered locks are covered by the £1000 Security guarantee.

Activate your Ultion 5 year guarantee for free at www.ultion.co.uk

Wireless keypad

The wireless keypad option connects to Ultion Smart using bluetooth. You get all the convenience of a keypad without fitting a control panel to your front door.
