

THE
RESIDENCE
COLLECTION

HARDWARE

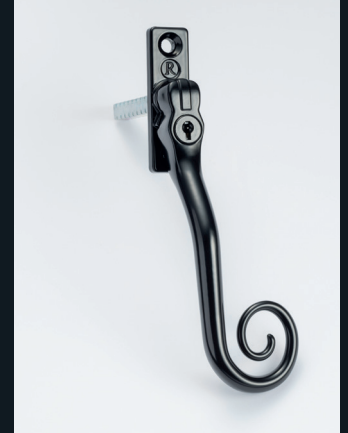

THE ROMATOPOLA RANGE

Your Residence Collection windows are the essence of style and equally suited to both modern and period properties. Create a perfectly matching window with the Romatopola range of handles and stays inspired by the appearance of 19th Century ironmongery, but with modern production processes. Your windows will exude sophisticated elegance with the Romatopola Monkey Tail or Pear Drop designs.

ROMATOPOLA MONKEYTAIL & PEARDROP

10" working and dummy stays available

Available in RH and LH designs

THE ROMATOPOLA RANGE

Available in a range of nine exclusive finishes, the Romatopola hardware is both attractive and practical. The handles are all key locking for added security, with a positive stop (which prevents over-stressing the gearbox). The matching stays are available with working or dummy pegs to give you full flexibility when customising your windows. Add charming character to your already beautiful Residence Collection windows.

Choose one of the truly beautiful handles in the Romatopola range to add the finishing touch to your windows. Our hardware comes with the added benefit of a key locking handle function, leading the market in design and your safety in mind.

THE ROMATOPOLA RANGE

Personalise your Residence Collection windows with a choice of handles and stays, in a range of colour options. Our hardware styles enable you to replace your windows without losing the character appearance, but also gives you the chance to opt for something more modern. The variety of style and colour options will suit your appearance whether its contemporary or period.

THE ROMATOPOLA RANGE

Fully enhance your Residence Collection windows with a choice of nine different colour options.

AVAILABLE IN 9 COLOURS

Electro Gold

Antique Bronze

Bronze Red Tint

Black

White

Polished Chrome

Satin Chrome

Pewter Patina

Graphite

THE ROMATOPOLA RANGE

You can specify traditional Residence Collection butt hinges to maintain original features which modern windows often lack as the hinges are hidden, losing the character appeal. Choose from working butt hinges or dummy butt hinges, both provide an authentic kerbside appearance in exquisite ironmongery. Working peg stays and working butt hinges can recreate a true timber alternative and are a great addition to complement your Residence Collection windows.

Below shows the working butt hinge in Painted White, they are also available in Black.

THE ROMATOPOLA RANGE

Our butt hinges have been specifically designed to ergonomically fit Residence Collection windows.

Both working and dummy butt hinges have the same appearance when closed. Dummy butt hinges are mounted onto the appropriate position to the outside of the window and allow the use of modern egress and friction hinges. Choosing dummy butt hinges with dummy peg stays is visually traditional with modern functionality.

Features of Residence Collection working butt hinges

- Adjustable easy fitting
- Genuine heritage look
- Gives maximum openings
(maybe of benefit for fire regulations)
- Fully functional
- Strong design
- Available in Black & Painted White
