Before & After

RESIDENCE 9 | THE ORIGINAL TIMBER ALTERNATIVE

My RESIDENCE

Before & After

BEFORE

This home has been modernised with a traditional aesthetic using R9 in Corse Lawn. The feature windows really bring this home to life.

BEFORE

The difference is amazing - R9 windows have transformed this kitchen into a bright and contemporary living space.

AFTER

Why R9?

Some say that looks are everything. Certainly when it comes to property, it is the outward appearance - or kerb appeal - that helps seal the deal, whilst the inside is where you will enjoy spending your time. Residence 9 has an elegant flush exterior and stylish decorative interior creating a classic aesthetic. The modern high performance material lends itself to the sometimes frantic pace of modern living by being virtually maintenance free; no painting or staining required!

Residence 9 is proud to be designed and made in Britain. It was created with the enduring designs of British architecture in mind and has many bespoke options that can satisfy a range of homes from the grandeur of stately homes, to the solid good looks of Georgian and Victorian, right through to the present day. As well as a stunning range of windows, it can be incorporated into a fabulous selection of doors too. Residence 9 windows and doors can also be made into elegant orangeries and beautiful garden rooms. All of these are available in a hand-picked collection of heritage colours that can be personalised to match existing furnishings by choosing a different colour inside to outside, for a truly personal touch.
