Step 5: Select your door lock and accessories

Threshold

Stormguard aluminium thresholds are Part M compliant according to the latest Building Regulations for easy access

Deep Nose Cill

The modern interpretation of a traditional timber cill, the end result looks beautifully authentic.

Please note doors are available as open-in only

Lock options

Slim escutcheon with slam shut lock

If you would prefer a modern door bar, opt for our slim escutcheon on your automatic slam shut lock.

Heritage automatic slam shut lock

The aesthetics of a traditional rim latch, but incorporating the latest high security multipoint lock, which activates and locks the door automatically once the door is shut. Comes with a thumb turn cylinder as standard.

Slam shut lock with door handle

When you close your door the lock automatically engages so you are instantly secure. You can choose between always needing a key to come in from the outside or to have passive entry.

Step 6: Relax, knowing you've chosen the perfect composite door solution

THE FINEST COMPOSITE DOOR

You've chosen the finest composite door available. With a thickness of 60mm they are nearly 40% thicker than most alternatives.

Each unique solid timber core is completely encapsulated within a highly durable edge banding and two scratch resistant thermo plastic door skins, so you will never have to worry about painting or varnishing your R9 Solidor.
